

Galion habille vos produits!

Superlift Range®

Galion offers a range of round buckets with a volume ranging from 2.1L to 13L. They are designed for packaging food and non-food products. This range is completed by the Unipack range®, ranging from 600ml to 1200ml, to offer customers a variety of packaging.

MAIN ADVANTAGES

Superlift Range®

- Circular shape allowing easy stacking of empty bodies inside each other
- Peripheral handle facilitating the filling process in automatic packaging lines.
- Lids designed for good stacking after filling by fixing the packages on top of each other
- Presence of a collar incorporating the handle guaranteeing better robustness of the bucket and optimization of the decorative surface.
