

Galion habille vos produits!

Superflex Range[®]

Galion offers a range of robust buckets for handling in all circumstances. They are mainly designed for heavy and light non-food chemical applications (paint, glue, grease, etc.). It has volumes ranging from 19L to 30L.

MAIN ADVANTAGES

Superflex Range[®]

- Robust and multi-purpose packaging
- Plastic handles for the entire range (facilitating the post-use recycling cycle)
- Dry offset printing in up to 6 colors on the body
- Exclusive lids named Flex allowing very easy opening of closed packaging
- Perfect sealing thanks to a double protection of the closing of the lid
- Perfectly adapted to tinting machines
- Circular shape allowing easy stacking of empty bodies inside each other
